Request to Take MSN Courses Out-of-Sequence Form

Student ____________________________    Date _____________________

PID#________________________________

Term and year you are going out of sequence: ____________________

First term (including year) you took courses as an MSN student: ____________________

MSN courses are intended to be taken in sequence. Students requesting to take an MSN course out-of-sequence (i.e. taking only one course in a term) for any reason (i.e. personal, professional, unable to secure a preceptor, etc.) will need to fill out the Out-of-Sequence Form and submit to the MSN Associate Director of the OU School of Nursing. Filling out this form does not automatically give you permission to take courses out of sequence. Each student’s program of study will be reviewed and approved or denied on a case-by-case basis. Providing detailed information to us about your request and reason is very helpful in the approval process.

This form must be submitted to the MSN Associate Director via MSN@ohio.edu at least 30 days prior to the first day of the term in which the course sequence change would occur.

Listed below are non-negotiable situations

1) Since the curriculum realignment in Fall 2015 went into effect, All MSN core courses must be completed before a student may take any clinical course.
2) FNP clinical courses must be taken in the following sequence:
   a. NRSE 6920 Care of Women (3 ch)               New curriculum sequence
   b. NRSE 6921 Care of Adults (3 ch)               a) NRSE 6820 Advanced Maternal & Child Care (6 ch)
   c. NRSE 6922 Care of Children (3 ch)             b) NRSE 6821 Primary Care of Adults & Older Adults (8 ch)
   d. NRSE 6923 FNP in Practice (4 ch)              c) NRSE 6822 FNP in Practice (7 ch)

3) For the NE Track, NRSE 6610 Curriculum Development must be taken before NRSE 6620 Teaching Strategies and NRSE 6630 Academic Role.
4) All classes must be completed or completed concurrently with the capstone course.

Please provide a detailed explanation of the rationale for the request to take an MSN course out-of-sequence:
